

## REQUEST FOR 30 DAY EXTENSION

Requests for thirty (30) day extensions of individual certifications must be mailed or faxed to the department, and be received at least 14 calendar days prior to expiration. Extensions allow certified individuals to continue working until refresher training is completed and a renewal application is in process, **or**, the 30 days have expired. Certifications which have already expired cannot be granted an extension.

**Note:** 30 day extensions are for state certification only and do not extend EPA accreditation. DO NOT engage in AHERA activities without current training.
